## **1.0 Purpose**

### **1.0 Tujuan**

The purpose of this policy is to establish requirements which must be met by all computers connected to UniMAP ICT Center networks to ensure up-to-date patches installation.

*Tujuan dasar ini ialah untuk mewujudkan keperluan-keperluan yang mesti dipenuhi oleh semua komputer yang bersambung kepada sistem rangkaian Pusat ICT UniMAP untuk memastikan penambahbaikan (patches) yang terkini dapat dipasang.*

## **2.0 Scope**

### **2.0 Skop**

The policy applies to all UniMAP ICT Centre's computers, including but not limited to desktop computer, laptops and servers.

*Dasar digunakan ke atas semua komputer di Pusat ICT UniMAP, termasuk tetapi bukan dihadkan kepada komputer meja, komputer riba dan pelayan.*

## **3.0 Policy**

### **3.0 Dasar**

3.1 All systems that are connected to UniMAP ICT Center networks must have up-to-date security patches.

*3.1 Semua sistem yang bersambung kepada sistem rangkaian Pusat ICT UniMAP mesti mempunyai penambahbaikan (patches) keselamatan terkini.*

3.2 For application that features automatic update functionality, it must be configured to check for updates automatically and the updates must be automatically applied.

*3.2 Untuk aplikasi yang menampilkan fungsi kemaskini automatik, ia mesti dikonfigurasi untuk semakan bagi kemaskini secara automatik dan kemaskini tersebut mesti diaplikasikan secara automatik.*

3.3 For application that requires manual checking of application updates or manual patch installation, the respective users or administrators must be notified on the available updates.

*3.3 Untuk aplikasi yang memerlukan pemeriksaan manual kemaskini aplikasi atau pemasangan penambahbaikan (patches) manual, pengguna-*

<p><b>PATCH MANAGEMENT POLICY</b> <b>DASAR PENGURUSAN TAMPUNG (PATCH)</b></p>		

*pengguna berkenaan atau pentadbir-pentadbir mesti diberitahu tentang kemaskini yang boleh didapati.*

- 3.4 Security patch must be applied immediately after it is released, unless immediate application (To Apply) would interfere with business requirements.
- 3.4 *Penambahbaikan (patches) keselamatan mesti dipasang sebaik sahaja selepas ia dikeluarkan, melainkan pemasangan segera akan mengganggu keperluan sistem.*

#### **4.0 Procedure**

#### **4.0 Prosedur**

- 4.1 Turn on automatic security updates featured in most applications.
- 4.1 *Aktifkan pengemaskinian ciri keselamatan automatik dalam kebanyakan aplikasi.*
- 4.2 Administrator should subscribe to 3<sup>rd</sup> party security mailing list to keep them informed on the available security patches.
- 4.2 *Pentadbir sepatutnya melanggan/menyertai senarai mel keselamatan pihak ketiga untuk mendapat makluman tentang penambahbaikan (patches) keselamatan yang boleh didapati.*
- 4.3 For critical applications or servers that require patches, these patches must be validated before being applied to the system/ application.
- 4.3 *Untuk aplikasi-aplikasi kritikal atau pelayan yang memerlukan penambahbaikan (patches), ianya mesti disahkan/disemak terlebih dahulu sebelum digunakan ke atas sistem / aplikasi.*
